

## Laney Bounds

Candidate for District President

My name is Laney Bounds, and I am running for District President. I wanted to join FBLA because of my siblings. They always told me how fun it was and how much they learned. I decided to join my 7<sup>th</sup> grade year. I didn't know at that time this organization was going to be so important to me. In 8<sup>th</sup> grade, I became the Mid-Level District President and learned the ins and outs of FBLA and how much work goes into making this organization successful. The friendships and bonds you can create in this club are extraordinary. Future Business Leaders of America is a great organization to be a part of and one that I have excelled in over the past three years. Therefore, I believe I would be a great candidate for District President, and I will work hard to be a great leader.
